**Annual Survey of Social Work Programs: Full-Time and Part-Time Social Work Faculty**  
Welcome to the faculty section of the 2011 Annual Survey of Social Work Programs. If you have completed the Annual Survey before, then you will notice that there is a shift this year in how data is collected on full-time faculty. The CSWE Commission on Research decided to collect aggregate information about full-time faculty members this year; the part-time faculty section is remaining the same. We hope that this will dramatically reduce your time burden while also giving us critical information about social work faculty.

The faculty survey is only sent to one contact at each institution, so if you have multiple social work programs at your institution please include all of those faculty members in your responses.

The information we collect through the Annual Survey is used by the social work education community in research, program planning, and advocacy work. Your participation is critical in obtaining a complete picture of social work education. If you have any questions or concerns, please contact the Office of Social Work Education and Research, by e-mail (research@cswe.org). Thank you in advance for participating in this important process.

Please note that the survey will time out after 60 minutes. If you need to step away for an extended period of time, please use the "Save and Continue Later" button.
