Fellowship Review Committee Volunteer Application Information

Overview

The Fellowship Review Committee (FRC) serves as the primary review body for fellowship programs seeking initial or continued accreditation and is responsible for making accreditation decision recommendations to the Board of Accreditation (BOA). The FRC is a volunteer body comprised of social work educators and practitioners.

Primary Functions

Document Reviews

The FRC is responsible for reviewing fellowship program self-studies, authorizing site visits, preparing summary reports of program strengths, concerns, and areas of improvement, and recommending an accreditation decision to the BOA.

Site Visits/Site Visit Reports

FRC members are expected to visit the fellowship programs whose *Self-Study* they have reviewed. FRC members may conduct up to two site visits per year; site visit travel expenses are reimbursed by CSWE.

Virtual Meetings

The FRC meets virtually three times a year (January, May, and September). Additional virtual meetings may be scheduled, as needed. FRC members are expected to attend all FRC meetings on time and participate until their conclusion. During these meetings, CSWE staff present updates and provide trainings, and the FRC reconciles site visit authorization decisions as well as initial accreditation and reaffirmation decision recommendations for the BOA's consideration. The FRC also discusses accreditation matters, assesses the effectiveness of the accreditation process, and makes changes, as needed, to support the development and continuous improvement of fellowship accreditation.
