Programs Found Out of Compliance Between Reviews

➢ Findings from a program changes review may initiate a special compliance review

➢ Learn more about this process: Section 1.2.12. Programs Found Out of Compliance Between Reviews in the EPAS Policy Handbook
Purpose: Verify significant program changes are consistent with the Educational Policy and Accreditation Standards (EPAS) and ensure that the planned expansion of program options does not adversely impact the integrity and quality of the current program operations, resources, offerings, and capacity of the social work program to comply with the EPAS.
Definition: A substantive change is a significant modification, high-impact change, and/or expansion of the nature and scope of an accredited program.

Two types of substantive changes:

1. Adding a Location-based Program Option
2. Adding an Online Program Option

➢ Mergers are also processed via this policy
Definition: Various structured pathways to degree completion by which social work programs are delivered including specific methods and locations such as on campus, off campus, and virtual instruction (2015 EPAS, pg. 22).
CSWE’s COA uses a **majority (51% or more) threshold** to define program options.

Thus, **if** 51% or more of the social work curriculum is planned to be offered in a new location or online, **then** a substantive change proposal is required in advance of implementation.
Program Option Types

Program option types are divided into 2 categories:

1. In-person / Face-to-Face / Traditional
   ➢ Main / Primary Campus
   ➢ Branch / Satellite Campus

2. Distance Education
   ➢ Online
   ➢ Broadcast Site
   ➢ Correspondence
Program Option Type #1 | In-person / Face-to-Face / Traditional

Any physical location in which the instructor(s) and student(s) are concurrently in-person together. This allows for live synchronous interaction between instructors and students.

- 1a. Main / Primary Campus
- 1b. Branch / Satellite Campus
1a. Main / Primary Campus

A majority, 51% or more, of the curriculum is delivered in-person at a **primary physical location**, such as a main campus.
A majority, 51% or more, of the curriculum is delivered in-person at a location **physically detached from the main campus**.
Program Option Type #2 | Distance Education

Any curriculum delivery method in which there is a separation, in time or place, between the instructor(s) and student(s).

This includes both synchronous (real-time) and asynchronous (self-paced or pre-recorded) education models.

- 2a. Online
- 2b. Broadcast Site
- 2c. Correspondence
A majority, 51% or more, of the curriculum is delivered online.
A majority, 51% or more, of the curriculum is broadcasted via television, audio, telephone, internet radio, livestream, computer-based video, or other modes of technology to students collectively convened in-person at program-established classroom location(s) physically detached from the main campus.

Each physical classroom location to which the curriculum is broadcasted is considered a separate program option.
2c. Correspondence

The whole curriculum delivered through mailing materials (videos, texts, assignments, etc.) electronically or through the post to students.
Where do we find a list of our approved program options?

➢ The accreditation team consistently tracks program options in the Directory of Accredited Programs

➢ Search for your program and review the “All Locations” field
Substantive Change Review Process

➢ **Reviewer**: Associate Director of Accreditation Services (ADAS)

➢ **Due Date**: Submitted and reviewed on a rolling basis using a queue system

➢ **Review Timeline**: Typically, 3-6 months from submission to approval

➢ **Action Options**:
   - Approve
   - Defer 1 meeting and request clarifying info (can select the next level of reviewer: ADAS or COA)
   - Order a modified site visit

➢ **Program Notified**: Formal letter via email within 30 days following the approval

➢ Approval reported to COA at their next meeting
This is a review of plans for compliance only:

- A full compliance review by COA will occur during the program’s regularly scheduled reaffirmation review
- Commissioners’ reviews focus on the compliance (candidacy and reaffirmation)
- Staff cannot determine compliance; that sole authority rests with the COA
- One main reviewer increases uniformity / consistency
- Staff may defer the decision to COA if proposal content reveals that an expansion of scope may adversely impact the program’s ability to maintain compliance with the EPAS
Section 1: General Info

➢ Program accreditation status by CSWE’s COA
➢ Institutional accreditation status by CHEA-Recognized regional accreditor
➢ Levels of approvals secured (if applicable)
➢ Current CSWE’s COA-approved program options
➢ Check boxes & fillable fields
Section 2: Substantive Change Info

- New program option overview
- Rationale for change
- Check boxes & fillable fields
- Impact statements
  - Based upon the EPAS
  - Ensure that the planned expansion of program options does *not* adversely impact the integrity and quality of the current program scope
  - Ensure that the program’s compliance plans for the new program option align with the EPAS
  - Require narrative responses

50-page narrative limit!
Section 3: Program Assessment Outcomes
➢ Program attests to begin assessing and publishing competency-based student learning outcomes delineated by program option and in aggregate publicly on their website.

Section 4: Documentation
➢ Required documents / forms
  • Institutional-level organizational chart inclusive of social work program
  • Revised program-level organizational chart
  • Updated Faculty Summary Form
  • Updated Budget Form
➢ Optional documentation (if applicable)
  • Institution and / or program’s environmental scan, needs assessment, or other research conducted
Section 5: Proposal Authorization
  ➢ Contact info and signatures from:
    • Program’s primary contact
    • Institution’s president / chancellor

Section 6: Review Brief
  ➢ Evaluative form for staff or COA to review proposal
Most Common Errors & Citations

Logistical:

➢ Failing to initiate the process before the implementation date or at least with 3-6-months in advance

➢ Failing to complete the proposal, including all fields, check boxes, impact statements, required signatures, and documentation
Most Common Errors & Citations

Content:

- **Unclear or inadequate compliance plan(s)** in response to impact statements

- **Insufficient resources** (e.g., faculty, administrative assigned time, technology, field education supports, etc.) to support expansion of scope
Most Common Errors & Citations

Storytelling:

➢ Assuming staff are comparing the proposal to the program’s last self-study or other previously submitted accreditation documents
  • This is a **distinct review process** and all relevant narrative and supporting documentation materials must be contained within the proposal

➢ Explaining current program options / operations rather than the **plan for the new option**
Do noncompliance issues at 1 program option impact the accreditation status of the entire program?

- Yes. Programs must maintain compliance across all program options.
- If one program option is noncompliant, the accreditation status of the entire program is affected.
Can my program implement a new program option during the candidacy or reaffirmation process?

- No. Programs are not permitted to implement a new program option during the candidacy or reaffirmation process.

- However, programs may request approval during an active review process to start the new program option after the COA issues their final compliance decision.
Can my program market, advertise, and recruit for our planned program option in advance of receiving approval?

- Yes. However, the program cannot state, or imply, that approval has been granted or that the program option is “CSWE-accredited” in any written materials or verbal exchanges.
What if we offer 50% or less of the curriculum online or at a separate location?

- **Great!** Learning sites and hybrid curricula are defined as 50% or less of the social work curricula offered at separate location or online.
- These models are **not** considered separate program options and do **not** require reporting.
- Programs may use these models to pilot limited portions of the curriculum below the majority threshold.
Substantive Change FAQs

Is there an expedited review process?

➢ No. The program should expect approximately **3-6 months** between proposal submission date and decision date.

➢ This timeline is subject to change depending on the outcome of the review.

➢ The program is solely responsible for planning the implementation timeline in accordance with the 3-6-month review process.
Section D: Failure to Report Changes

➢ Solely program’s responsibility

➢ **Results:** may adversely impact...
  • The program’s accreditation status
  • Students and their future licensing, employment, educational enrollment, or other post-degree pursuits

➢ Staff can only confirm accredited status of approved program options in the **directory**
Section D: Failure to Report Changes

Next steps:

➢ 60 days to submit proper notification documentation, database update form, or substantive change proposal

➢ May be referred to COA for adverse action for continued failure to adhere to policies and procedures
  • Adverse actions may be appealed via section 1.2.6. Appeals of COA Decisions in the EPAS Policy Handbook
Due dates are firm

Accredited programs have the option of requesting:

- 1-meeting adjustment (4 months)
- 2-meeting postponement (8 months)
- 1-year postponement to temporarily delay COA review

A program may request 1 adjustment and 1 postponement per reaffirmation cycle

Must meet specified criteria
Timetable Changes | Accredited Programs

➢ Return to the original reaffirmation agenda date for the next reaffirmation review cycle

➢ Example:
  • June 2023 (original agenda date)
  • June 2024 (1-year postponement)
  • June 2031 (next review date) | 8 years after June 2023 (original agenda date)
Timetable Changes | Accredited Programs

- Policies 1.2.2 Postponement of Reaffirmation Review and 1.2.3 Agenda Adjustments in the EPAS Handbook detail the process and criteria for requesting additional time.

- Contact your program’s accreditation specialist to discuss options for an agenda adjustment or postponement and submit the required form.
Institutions with both accredited baccalaureate and master’s social work programs have the option of permanently aligning their COA review dates.

- Are issued a new and customized agenda date for the next reaffirmation review cycle.
- Policy 1.2.2 Postponement of Reaffirmation Review in the EPAS Handbook details the process and criteria for requesting an aligned review date.
- Contact your program’s accreditation specialist to discuss options for a permanent alignment and submit the required form.
Due dates are firm

Candidacy programs have the option of requesting:
• 1-meeting adjustment (4 months) to permanently delay COA review

Must meet specified criteria

Issued a new agenda date for the next benchmark(s) review cycle

Example:
• October 2023 (original agenda date)
• February 2024 (1-meeting adjustment)
• February 2025* (next benchmark review date) | 1 year after February 2024 (permanent adjustment date)

*subject to change based on the COA’s review and approval to proceed to the next benchmark
Timetable Changes | Candidacy Programs

➢ Policy 1.2.3 Agenda Adjustments in the EPAS Handbook detail the process and criteria for requesting additional time.

➢ Contact your program’s accreditation specialist to discuss options for an agenda adjustment and submit the required form.
How do I report changes that occur during the self-study writing process?

- Self-study typically captures the year prior to submission
- However, the program must be cognizant to update accreditation documents to reflect all changes that strengthen compliance before submission
- Framing:
  - Consider the self-study / benchmark as a **rolling snapshot** of current program operations / offerings; **not** reflecting previous or outdated information
  - Programs discuss the current educational environment; rather than explaining how elements of the program have changed since the last accreditation review cycle
The most frequent changes listed below are not exhaustive, so it is important to ensure that all information, personnel, operations, program options, and data are captured in the self-study are current, accurate, and aligned with the EPAS.

- Composition of faculty, students, and staff / other personnel
- Adding / removing program options
- Updated assessment data
- Updated policies or procedures
- Enhancements made to program operations to strengthen compliance with any standard in the EPAS
FAQs

➢ **IMPORTANT NOTE:** The self-study / benchmark reflects the most current program faculty and personnel at the time of submission.

➢ This ensures the commissioner / site visitor has access to current faculty and personnel information reflecting those with whom the visitor will meet during their visit.

➢ Discuss any planned changes with the program’s accreditation specialist that may impact the program’s ability to clearly demonstrate and document compliance with the EPAS.
FAQs

Are we required to report a change in accreditation status to our constituents?

➢ No. It is not a requirement that programs share, market, or communicate their accreditation status with their stakeholders.
➢ What, how, and with whom programs share their accreditation status is within their own purview.
➢ However, the CSWE-COA is required to publicly post accreditation decisions on the [CSWE website](https://www.cswe.org) 30-days after each meeting concludes.
