

Pre-semester Student Survey

Dear Spring Semester students!

I'm your professor for the introduction to social work course this coming Spring and I am touching base to welcome you. As I am crafting our course, I want to hear about you to take your interests into account.

To help me plan our class, please tell me a bit about yourself, your interests, and your expectations/wishes for this class:

1. Your name
2. Your major, and if this is an elective or you plan to pursue a social work major
3. Your career goals / dreams*
4. What you hope to get from this class—if you are not sure, just imagine something
5. What you like best about your favorite courses or what you would like from a course to make it a good experience
6. The social issues that concern you
7. Anything else you would like to share with me so that I get to know you more personally
